EXHIBITION

The quickest way to jump into the ring, EXHIBITION allows you to play any style match with any of the options and created Superstars you want. Choose from the following game modes:

SINGLE

Compete, head-to-head, against a CPU or a friend.
Select WITH MANAGER to allow one Valet to enter
the ring with each Superstar.

T.1G

Have two Tag Teams compete in a NORMAL TAG
TEAM match with one legal member from each
team in the ring at a time. Choose TORNADO TAG to
allow each team member full access to the ring –
and the opponents – at any time.

HARDCORE

Think you can take a chair to the head and still win a match? Each Hardcore match is a no-rules brawl, littered with weapons

ANYWHERE PALL

Backstage brawls are the only matches you'll find here! Choose a MATCH STYLE, then head for the largest set of backstage areas to ever grace the PlayStation's game console. To head to a different backstage area, move near a door with a red arrow on the floor. Wait until the arrow turns to blue, then wait brought he door.

HANDICAP

If the One-on-One matches aren't hard enough, try a Handicap match against two or three opponents. Eliminate one of the opponents to win the match.

NING OF THE RINGS

Move through the tournament-style brackets to become the champion. Choose SINGLE TOURNAMENT for a normal King of the Ring bracket, or choose SPECIAL TOURNAMENT for every match to include special circumstance. For example, one match could be a Cage match while the next could be a Table match.

While viewing the bracket, press the Directional Buttons ←/→ to choose either MATCH, SKIP or EXIT.

- Match Play your Superstar's current match.
- Skip Skip the match, allowing the CPU to decide the outcome
 Exit Quit the game and return to the Exhibition Menu.

ROYAL REMALE

Royal Rumble[®] mode pits you against a ring full of the toughest Superstars in sports-entertainment history. You cannot win or lose by knockout or by pin. The only way to lose is to be thrown out of the ring. The only way to win is to be the last man standing.

SURVIVOR

Survivor mode mixes the no rules, hardcore-match style of game play with multiple opponents. Choose a Triple Threat (three opponents), Fatal Four-Way (four Superstars), or Battle Royal® and defeat the others by pin or KO to be the sole supplied.

SPECIAL

- * TLC A Tables, Ladders and Chairs match, the TLC works like a ladder match with one exception; tables and chairs litter the ring and can be used any way you want!
 * Casket Throw your opponent into the casket and make sure it closes for the
- Knockout.

 Cage There's no ascaping an opponent in the cage You need to be the first one to climb over the top of the cage for the victory. If your opponent is climbing over, shake the cage to send him falling back to the mat. When he's too tired to fight
- back, start climbing for the top yourself!

 Hell in a Cell Hell in a Cell puts a roof on the cage, eliminating the need to climb out of it! Now you can climb ON TOP of the cage and Powerslam your opponent through the roof and onto the mat for double damage.
- I Quit The only way to win is to make your opponent give up! Beat him into submission, then find a microphone and stuff it in his face. If he's unable to connete, he will give up making you the victor!

- Iron Man Pin your opponent as many times as possible. The Superstar with the most amount of points at the end of the time limit wins.
- Ladder Set up a ladder in the middle of the ring, climb it and grab the belt (suspended in mid-air) for the win. Try knocking your opponent senseless first, or he might knock you off the ladder.
- Special Referee Turn your favorite Superstar into the guest referee for a match. Don't like one of the opponents? Count extra fast while he's pinned or out of the ring.
- Table The victory is yours by knocking out your opponent. A simple KO won't do, however, You'll have to set him up on a table then attack him so hard, you break him through the table. Try climbing the tumbuckle to finish him off!
- Slobberknocker Your goal is to eliminate as many opponents as you can by either a pin or KO. The catch – you need to do it before the time runs out, or before you're eliminated!

PLAYING A GAME

To begin a quick game, choose a game mode from the Exhibition Menu. You will be able to fully customise your game before heading to the ring.
